Request for Quotes for Commercial-Grade Outdoor Ice Rink Package

The City of Midland's Parks and Recreation Department is seeking quotes for an outdoor ice rink package (including brackets, boards and ice rink liner) to use for the outdoor ice skating rink at the City Forest. Product will be subject to heavy use by the public, and must be commercial grade to stand up to this type of heavy usage.

Package shall meet or exceed specifications of the commercial outdoor product offered by NiceRink® system. Package shall contain adequate materials to produce a 52' x 100' outdoor ice rink, with plastic thermoformed sideboards and a commercial liner (equivalent to NiceRink's #3 liner).

Please break down product cost by each component type (i.e. cost for the brackets, cost for the liner, cost for the sideboards, etc.) so the City will know for future reference the approximate replacement cost for each component.

Quote shall include an adequate supply of repair materials in the event of a tear in the liner.

If product offered is not the NiceRink® brand, please include product specification sheets for review.

Include contact information for 3 current commercial customers who can be called upon for references.

Please contact Bart Heil, Park supervisor, at (989) 837-6914 with any technical questions.
